7. WHEN SUPPLIER IS NOT TO BLAME

7.1. The Customer acknowledges and agrees that:

7.1.1. the accessibility, accuracy and availability of the Telematics Dashboard (or relevant parts thereof), Data Reports, Location Data, Fleet data, and video footage is dependent upon systems, technologies and other factors which are beyond the Supplier's control including Mobile Communication Services. Due to the nature of such technologies and systems, problems such as outages, link failures, network overloads, signal degradation, topographic, electromagnetic and other interferences may have an adverse effect on the accessibility and availability of the Telematics Dashboard, Data Reports, Location Data, Fleet data and/or video footage. The Supplier does not warrant that the Data Reports, Location Data, Fleet data, video footage and features made available on the Telematics Dashboard will continue to be

supported by Mobile Communication Services or that the Customer will be able to use the Data Reports, Location Data, Fleet data, video footage or features made available on the Telematics Dashboard as part of the Services for the intended use, due to the fact that such depends partly on circumstances beyond the Supplier's reasonable control;

7.1.2. the functionality of Bluetooth enabled tags is dependent on being in range of Bluetooth enabled Hardware;

7.1.3. where Hardware is enabled by Artificial Intelligence (AI) technologies, the associated outputs are limited and may in some situations result in incorrect or inaccurate results or outputs, as AI is an evolving technology, is based on statistical models, and may not always reflect real-world complexities; and

7.1.4. CO2 figures are reliant on information provided by Customer and are calculated by reference to miles travelled and the vehicle's CO2 emissions data. CO2 figures are an estimate only and do not take into account variables outside the Supplier's knowledge such as fuel type, tyre pressure and vehicle load.

7.2. The Customer acknowledges and agrees that the Products and the Services are designed and intended for use by the Customer for its Fleet management purposes only. As such, the Supplier is not responsible for any data privacy, employee relations, regulatory, compliance, insurance or other purposes for which the Customer may use the Products and Services and the Customer hereby agrees to indemnify and to keep the Supplier and its Affiliates indemnified against all claims, demands, actions, proceedings, damages, charges, costs and expenses in any way arising out of or in connection with such usage.

7.3. Without prejudice to the generality of clause 7.2, the Supplier makes no representation or warranty that video recording capability will record any particular incident or that the record, if any, of a particular incident, will be effective to support an insurance claim, recovery against a third party, or otherwise.

7.4. Without prejudice to the generality of clause 7.2, it is the Customer's responsibility to satisfy itself that its use of the Services will allow it to meet any legal or regulatory obligations applicable to it. To the maximum extent permitted by law, in no event shall the Supplier be liable in connection with this Contract, whether in contract, tort (including in either case negligence), misrepresentation (other than fraudulent misrepresentation), breach of statutory duty or otherwise for breach of any applicable law or regulation applicable to the Customer's business activities in connection with its use of the Services.

7.5. It is the Customer's responsibility to ensure that the Products comply with any legal or regulatory requirements applicable to the vehicles or assets within its Fleet. The Supplier does not provide any warranty that the Products are appropriate for the vehicles or assets

within the Customer's Fleet other than that set out in any Product specification provided by the Supplier to the Customer.

7.6. The Customer hereby agrees to indemnify the Supplier and its Affiliates, and to keep the Supplier and its Affiliates indemnified against all claims, demands, actions, proceedings, damages, charges, costs and expenses which may be brought against the Supplier in any way arising out of or in connection with (i) the Customer's failure to comply with its responsibility under clause 7.5; and/or (ii) use of the Products not in accordance with or outside of any Product specification provided by the Supplier to the Customer.

7.7. The Customer acknowledges and agrees that the Hardware will utilise the Fleet's battery power and as such:

7.7.1. the Customer is responsible for ensuring the Fleet's battery is in good working order and condition and sufficiently powerful to run both the Fleet and Hardware at all times;

7.7.2. with Hardware fitted the Fleet will always fail a manufacturer's parasitic drain test, accordingly the Hardware should be disconnected from the Fleet (at the Customer's cost) prior to such test; and

7.7.3. the battery will be depleted if the Fleet is not used for long periods of time.

7.8. The Supplier may at any time, in its sole discretion, temporarily suspend access to the Telematics Dashboard for the purposes of maintaining or repairing the Telematics Dashboard or any part thereof; and to make changes to the functionality, presentation, features, modes of access and material content in relation to the Telematics Dashboard without notice to the Customer.

8.2. Clause 8.1 shall not apply if the Customer purchases the Hardware from the Supplier, which will be expressly identified in the Sales Order Confirmation. In those circumstances, legal and equitable title to the Hardware will pass from the Supplier to the Customer upon the later of:

8.2.1. delivery of the Hardware; and

8.2.2. receipt by the Supplier of all amounts due from the Customer in relation to the Hardware.

9. REPAIR AND REPLACEMENT OF THE HARDWARE

9.1. If the Customer gives notice in writing to the Supplier within 14 days of discovery that some or all of the Hardware is defective, the Supplier shall:

9.1.1. test the Hardware at a time and place convenient to the Customer; or

9.1.2. require the Customer to promptly return the Hardware to the Supplier's place of business for testing.

9.2. Subject to clause 9.4 and 9.7 and after the Customer has given written notice to the Supplier as required under clause 9.1, the Supplier shall:

If the Customer does not want to pay such fees, the Customer may either:

- a) terminate the Contract relating to the affected Hardware by paying the Prices which would ordinarily have become payable during the remainder of the prevailing Subsequent Term; or
- b) terminate the Contract relating to the affected Hardware and enter into a new, fixed term contract with the Supplier whereupon clause 9.2.1 shall apply.

For the purposes of this clause 9 the “**Initial Term**” for a PAYGO Customer is deemed to be 12 months starting on the Commencement Date.

9.3. Clause 9.4 shall apply in the following circumstances:

9.3.1. the defect arises because the Customer failed to follow the Supplier’s instructions as to the storage, installation, commissioning, use, maintenance or replacement of the Hardware;

9.3.2. the Customer alters or repairs the Hardware without the written consent of the Supplier;

9.3.3. the defect arises as a result of wilful damage, negligence, or abnormal working conditions;

9.3.4. the defect arises as a result of any damage caused by use of the Hardware outside of its specified operating parameters, exposure to lightning or power spikes;

9.3.5. the defect arises as a result of an accident involving the vehicle or asset in which the Hardware is installed; or

9.3.6. in the case of the ‘neon’ product or other battery powered product or device, if such product or device was despatched to the Customer more than three years ago or its location alert has been activated more than 1,200 times.

9.4. If the Customer has given notice under clause 9.1 and one or more of the circumstances in clause 9.3 apply, the Supplier shall repair or replace (at its option) the affected Hardware and may levy the following charges:

9.4.1. the prevailing cost of the equivalent replacement Hardware;

9.4.2. the Configuration Fee; and

9.4.3. the De-install/Re-install fee (if applicable),

as set out in the Charges Schedule.

9.5. The Supplier, on giving reasonable prior notice, may require the Customer to deploy replacement Hardware for operational and/or technical reasons, for example if the existing Hardware is no longer supported by the Supplier. Such replacement Hardware will be supplied at no additional charge.

9.6. Repaired/replaced Hardware provided by the Supplier pursuant to this clause 9 shall be provided in accordance with clause 6 (Installation) and clause 8 (Title to the Hardware). Replacement Hardware will comprise the same or enhanced functionality and may include reconditioned units.

9.7. If the Supplier's Hardware testing pursuant to clause 9.1 identifies the problem is user error, the Supplier may charge the 'No Fault Found' fee set out in the Charges Schedule.

9.8. Except as provided in this clause 9, the Customer acknowledges this is its exclusive remedy for any defective Hardware and that the Supplier shall have no liability to the Customer in respect of defective Hardware.

PAYMENTS

10. PAYING WHAT THE CUSTOMER OWES THE SUPPLIER

10.1. The Customer shall pay the Prices, via direct debit, to the Supplier in accordance with this clause and as specified in an applicable Sales Order Confirmation. Unless otherwise specified in the Sales Order Confirmation or agreed with the Supplier, payment of all amounts due shall be made by the Customer within 7 days of the date of invoice.

10.2. All Prices payable under a Contract are exclusive of all value-added and other taxes and duties applicable to the supply of the Products and Services which will be payable by the Customer.

10.3. The Price can be changed by the Supplier, in its sole discretion, provided that:

10.3.1. the Supplier shall give the Customer at least 28 days' advance notice of any change to the Price; and

10.3.2. the Supplier shall not impose more than one price increase per year during the Initial Term.

10.4. In addition to the Supplier's right to change the Price under clause 10.3, upon the expiry of the Initial Term or any Subsequent Term, the Price shall be the price for the relevant Products and Services included in the List Price.

10.5. The Customer shall make all payments properly due under a Contract without any deduction whether by way of set off, counterclaim, discount, abatement or otherwise.

10.6. The Customer will be deemed to have accepted an invoice as correct unless the Customer notifies Radius in writing within 30 calendar days of the date of the invoice, specifying the reasons for the dispute. Undisputed amounts within the invoice remain due and payable in accordance with clause 10.1. Upon the Supplier's receipt of Customer's written notice of a disputed invoice, the Customer and Supplier will work together in good faith to resolve the dispute. If Customer and Supplier are unable to resolve the dispute within 14 days after the Supplier's receipt of such written notice, the Supplier will have the right to seek any remedies it may have under the Contract or applicable law.

11. WHAT HAPPENS IF THE CUSTOMER DOES NOT PAY THE SUPPLIER

11.1. If the Customer does not pay any amount properly due to the Supplier under or in connection with a Contract on or before the due date, the Supplier may:

11.1.1. charge the Customer interest on the overdue amount at the rate of 4% per year above the UK base rate of Barclays Bank Plc from time to time (which interest will accrue daily until the date of actual payment and be payable on demand) or claim interest and statutory compensation from the Customer pursuant to the Late Payment of Commercial Debts (Interest) Act 1998; and/or

11.1.2. at any time after the due date, without notice to the Customer, set off any liability of the Customer to the Supplier or its Affiliates against any liability of the Supplier or an affiliate to the Customer such as a deposit held by the Supplier or an Affiliate, whether either liability is present or future, liquidated or unliquidated, and whether or not either liability arises under these Terms; and/or

11.1.3. refer any overdue amount to a third party debt collection agency. The Customer acknowledges and agrees that it will be liable for any legal and debt collection costs incurred by the Supplier and its agents.

Any exercise by the Supplier of its rights under this clause 11.1 will be in addition to and will not limit or affect any other rights or remedies available to it under applicable law, these Terms or otherwise.

11.2. If the Customer misses any payments under the Contract and is defined as a consumer, the Supplier will send the Customer a default notice under section 87 of the Consumer Credit Act 1974. If the Customer does not pay the Supplier by the date shown in the default notice, the Supplier can terminate this Contract and demand that the Customer pays immediately in full the outstanding balance plus any other amounts which may be due under this Contract.

11.3. If the Customer does not pay, the Supplier may take legal proceedings against the Customer and/or against any guarantor of the Customer's obligations under this Contract. This could result in a County Court Judgement being obtained and registered against the Customer and/or any guarantor. If the Customer still fails to pay following judgement, the Supplier may start bankruptcy or winding up proceedings against the Customer. If the Customer owns property, the Supplier may apply to the court for a charging order over the Customer's property to secure the money owed to the Supplier and may subsequently apply to the court for the possession and sale of the Customer's property. If the Customer does not pay any amount due under this Contract on time, the Supplier can report the Customer's default to a credit reference agency. This could make obtaining credit more difficult for the Customer in the future.

11.4. The Supplier (or its agents or representatives) may perform credit checks on the Customer. The Customer hereby gives its express consent to the Supplier (and its agents or representatives) to carry out any such checks. The Customer hereby acknowledges and agrees that the credit checks may involve giving information about the Customer to licensed credit reference agencies or third parties.

PROTECTING INFORMATION

12. INTELLECTUAL PROPERTY RIGHTS

12.1. All Intellectual Property Rights in or arising out of or in connection with the Services (including the Data Reports) or the Products remain the sole property of the Supplier or its licensors and will be owned exclusively by the Supplier or the Supplier's licensors.

12.2. The Supplier owns all data generated by or related to the operation or performance of the Services. This operational and performance data does not include any Personal Data which shall be dealt with subject to the provisions of clause 14.

12.3. The Customer owns all data provided by or on behalf of the Customer to the Supplier in connection with the Services. The Supplier may use this data as required for the purpose of performing the Services.

12.4. The Customer authorises the Supplier to retain and use a copy of the data referred to clause 12.3 above, in anonymised aggregated form (such that the identity of the Customer and any data subject is not ascertainable) for the purpose of carrying out data analytics in relation to the services provided to its customers and otherwise developing new products and services ("**Statistical Data**").

12.5. The Customer hereby grants the Supplier a non-exclusive, royalty free, fully-paid, irrevocable worldwide right and licence to access, review, analyse, use, manipulate, copy, and modify the Statistical Data for its own purposes, including using the information to produce and distribute reports, analyses and data based upon the Statistical Data.

13. KEEPING THINGS CONFIDENTIAL

13.1. The Customer and the Supplier agree that for the duration of this Contract and for a subsequent period of three years following termination or expiry of the Contract, each Party will at all times keep any Confidential Information of the other Party as confidential and shall not permit the same to be copied, used, disclosed or disposed of except in accordance with this Contract. The provisions of this clause 13 shall not apply to Confidential Information which is already in the public domain or becomes so at a future date other than by breach of this Contract or disclosures of Confidential Information that are:

13.1.1. required by law or regulation in response to a request from a law enforcement or regulatory body or authority;

13.1.2. made in connection with a court order or other similar demand;

13.1.3. made in connection with a contemplated merger, acquisition or similar transaction;

13.1.4. made to an Affiliate or company related to the Supplier;

13.1.5. made to the Supplier's service providers for delivering the Services, on behalf of the Supplier or to the Supplier's employees, agents, consultants, and contractors who need to know;

13.1.6. as required for the Supplier to perform its obligations under the Contract; or

13.1.7. expressly authorised in writing by the duly authorised representative of the Party which is the owner of the Confidential Information.

14. DATA PROTECTION

14.1. The Customer and the Supplier will each observe all provisions of the Data Protection Laws. This includes the obligation of the Customer to duly inform involved Data Subjects about the Processing of their Personal Data by the Supplier under the instruction of the Customer. The Customer acknowledges that it is their responsibility to conduct all relevant data privacy impact assessments and to assure itself of the basis of its Processing of Personal Data and that its data protection policies are adequate.

14.2. The Customer and the Supplier acknowledge that, in respect of any Personal Data which the Supplier Processes on behalf of the Customer in connection with this Contract, the Customer shall be the Data Controller and the Supplier shall be the Data Processor.

14.3. The Supplier shall only collect, Process, store, and use Personal Data, and the Location Data:

14.3.1. to the extent that such is necessary for the performance of the Contract and the improvement of the Services;

14.3.2. in accordance with the Customer's lawful, documented, and reasonable instructions (which shall, unless otherwise agreed, be to Process Personal Data to the extent that such is necessary for the performance of the Contract and the improvement of the Services); or

14.3.3. as required to comply with the Data Protection Laws.

14.4. The Customer instructs the Supplier to collect, Process, store and use the Personal Data for the purpose as included under clause 14.3 above.

14.5. The Customer hereby consents to the Supplier's appointment of subprocessors who may from time to time be engaged by the Supplier in support of the Supplier's provision of the Services to the Customer, including in relation to the outsourcing by the Supplier of the hosting of its data centres to a third party within the United Kingdom or the European Economic Area. The Supplier warrants that such third parties shall be legally bound to their respective obligations under the provisions of the Data Protection Laws as a Data Processor. Upon the Customer's written request which shall not be exercised more than once in any 12 month period, the Supplier shall notify the Customer:

14.5.1. of the identity of any subprocessor(s); and

14.5.2. if any Processing is to take place outside of the United Kingdom or the European Economic Area.

14.6. The Customer may revoke its consent for the Processing of Personal Data in relation to this Contract at any time. Such revocation must be presented to the Supplier in writing and shall not affect the Contract and will leave the Customer's obligations (including payment obligations) under the Contract intact. The Customer acknowledges that, as a result of such revocation, the Supplier may not be able to provide the Services.

14.7. The Supplier shall implement appropriate technical and organisational measures to protect any Personal Data collected under the Contract against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access and against all other unlawful forms of Processing. Having regard to the state of the art and the cost of their implementation, such measures shall provide a level of security appropriate to the risks represented by the Processing and the nature of the Personal Data to be protected.

14.8. Upon becoming aware of any unauthorised disclosure of Personal Data, the Supplier shall:

14.8.1. notify the Customer without undue delay; and

14.8.2. co-operate with the Customer and take such reasonable commercial steps as are directed by the Customer to assist in the investigation, mitigation and remediation of that Personal Data breach.

14.9. The Supplier shall:

14.9.1. ensure that its employees who may have access to the Personal Data are subject to confidentiality undertakings or professional or statutory obligations of confidentiality;

14.9.2. cease Processing the Personal Data within 120 days upon the termination or expiry of the Contract or, if sooner, the Services to which it relates and as soon as possible thereafter, either return, or securely wipe from its systems, the Personal Data and any copies of it or of the information it contains. For the avoidance of doubt this shall not apply to the Statistical Data which the Supplier shall be entitled to retain; and

14.9.3. to the extent permitted by law, make available to the Customer such further information and (as applicable) co-operate in the conduct of any audit or review exercise, as the Customer may reasonably require to provide assurance that Supplier are in compliance with the obligations set out in this clause 14, provided always that this requirement shall not oblige Supplier to provide or permit access to information

concerning (i) Supplier internal pricing information; (ii) information relating to Supplier's other customers (including any pricing information); (iii) any of Supplier non-public external reports; (iv) any internal reports prepared by Supplier; (v) any Intellectual Property Rights of the Supplier; or (vi) any information which would infringe Data Protection Law. Further a maximum of one audit or review may be activated under this clause in any twelve (12) month period and provided always that the Customer and the Supplier shall (acting reasonably) agree a mutually convenient date for the audit or review to take place.

14.10. The Customer as Data Controller warrants that:

14.10.1. it has all authority and consents necessary to enable the Supplier to process the Personal Data in accordance with the Data Protection Laws for the purposes of this Contract; and

14.10.2. it has complied with and shall, during the Contract, continue to comply with the obligations of a Data Controller under the Data Protection Laws.

14.11. The Customer shall indemnify the Supplier and keep the Supplier indemnified against all claims, demands, actions, proceedings, damages, charges, costs and expenses which may be brought against the Supplier in any way arising out of or in connection with a breach by the Customer of clause 14.10.

The Customer and the Supplier acknowledge that they have agreed that the Customer will respond to enquiries from Data Subjects, any governmental and/or judicial body concerning the Processing of Personal Data by the Supplier and that the Supplier will, upon request by the Customer, provide reasonable assistance to the Customer for these purposes.

14.13. The Annex to these Terms sets out the subject matter and duration of the Processing, the nature and purpose of the Processing, the type of Personal Data and categories of Data Subject as required by Article 28(3) of UK GDPR or equivalent provisions of any Data Protection Laws. As between the Customer and the Supplier, nothing in the Annex confers any right or imposes any obligation on either the Customer or the Supplier.

provision of the Terms by the other Party will not be deemed a waiver of any subsequent breach or default and will in no way affect the other Terms.

23. WHAT HAPPENS IF PART OF THE CONTRACT IS ILLEGAL, INVALID OR UNENFORCEABLE

If any provision of the Terms is determined by any court or other competent authority to be unlawful or unenforceable, the other provisions of the Terms will continue in effect.
